1 BACKGROUND

1.1 ATSFSHOCK IS AN ATSF SHOCK CONTROL SLOGAN Lettering font for ATSF as well as subsequent owners.

PLEASE NOTE: THIS IS A FREE FONT. IT CANNOT BE SOLD.

What is ATSFSHOCK?

This font is based on images located for the various versions of the "Super Shock Control" type: E441 class: GBSR coil cars (as well as the BOX CAR "Super Shock control" slogan).

2 USAGE

2.1 Installation

The file is distributed as part of a ZIP file that includes this document as well as the font itself and other related documentation.

The files need to be UNZIPPED from the distribution file into a temporary work area, like **C:\TEMP.** *(I'll assume that you used c:\temp from here on…)*

Now you can install the font from the windows **CONTROL PANEL**. Your system may be different, but in many cases you would select **START → Settings → Control Panel → FONTS → FILE [pull down] → INSTALL NEW FONT**

From here you would select your new file **C:\temp\ATSFSHOCK.ttf**

That's it, the font is installed.

As with all other TTF fonts on your system, the "**ATSFSHOCK.ttf**" file enclosed within the ZIP file belongs in the **FONTS** folder of your windows operating system. This is the only way this file would be useful.
