1 BACKGROUND

1.1 DRGWSP font - VERSION 1.5

PLEASE NOTE: THIS IS A FREE FONT. IT CANNOT BE SOLD BY ANYONE.

This font is a symbol and number font and does not contain a standard alphabet with the exception of lowercase.

The Denver & Rio Grande Western Railroad (reporting mark DRGW), often shortened to Rio Grande or D&RGW, formerly the Denver & Rio Grande Railroad, is a defunct U.S. railroad company. In 1988, the Rio Grande's parent corporation, Rio Grande Industries, purchased Southern Pacific Transportation Company, and as the result of a merger, the larger Southern Pacific Railroad name was chosen for identity.

This font attempts to capture some variants of the fonts and images used by both.

2 USAGE

2.1 Installation

The file is distributed as part of a ZIP file that includes this document as well as the font itself and other related documentation.

The files need to be UNZIPPED from the distribution file into a temporary work area, like **C:\TEMP.** *(I'll assume that you used c:\temp from here on…)*

Now you can install the font from the windows **CONTROL PANEL**. Your system may be different, but in many cases you would select **START → Settings → Control Panel → FONTS → FILE [pull down] → INSTALL NEW FONT**

From here you would select your new file **C:\temp\DRGWSP.ttf**

That's it, the font is installed.

As with all other TTF fonts on your system, the "**DRGWSP.ttf**" file enclosed within the ZIP file belongs in the **FONTS** folder of your windows operating system. This is the only way this file would be useful.
