1 BACKGROUND

1.1 GOVIARAIL LOGO FONT (GO Transit and VIA Railway logo)

Based on Internet search results of both entities

GO Transit is a regional public transportation system in Ontario. It currently administered by **Metrolinx** as an agency of the Government of Ontario.

Via Rail Canada is a government subsidized passenger service run as an independent company serving Canada from east to west coast.

Since the Glyphs needed to show both entities do not involve more than a handful, this font is used for both entities as well as the style of lettering seen on both.

PLEASE NOTE: THIS IS A FREE FONT. IT CANNOT BE SOLD BY ANYONE.

This is a logo "variations" font and attempts to show as many lettering variations as possible based on available photographs and in some cases… freeze frames from Youtube videos.

2 USAGE

2.1 Installation

The file is distributed as part of a ZIP file that includes this document as well as the font itself and other related documentation.

The files need to be UNZIPPED from the distribution file into a temporary work area, like **C:\TEMP.** *(I'll assume that you used c:\temp from here on…)*

Now you can install the font from the windows **CONTROL PANEL**. Your system may be different, but in many cases you would select **START → Settings → Control Panel → FONTS → FILE [pull down] → INSTALL NEW FONT**

From here you would select your new file **C:\temp\GOVIARAIL.ttf**

That's it, the font is installed.

Done with contents of the font:

Note: The "2010 Vancouver Premier Founding Sponsor /Premier Membre Fondateur" banner would need to be made some other way.

As with all other TTF fonts on your system, the "**GOVIARAIL.ttf**" file enclosed within the ZIP file belongs in the **FONTS** folder of your windows operating system. This is the only way this file would be useful.

2.1.1 USAGE NOTES:

The Government of Ontario uses a font similar to Unvers 55 for its lettering. This is a font that is similar to Helvetica but differs in a number of ways. An attempt has been made to recreate this UNIVERS-like lettering.

The Numbers on the cab sides for VIA rail are also similar to standard Helvetica and examples have been provided. Variations in photographs researched have shown that numbering on VIA engines varies somewhat between instances… so these either are "close enough" or "slightly off".

ABCDEFGHIJKLMNOPQRSTU
VWXYZ abcdefghijklmnopqrstu
vwxyz
0 1 2 3 4 5 6 7 8 9

SAMPLE SHEET

2.2 Keys

The TTF font file contains these numbers (shown 48 Pitch):

012345678

And An Uppercase/Lowercase Univers-like Letter Set

ABC XYZ

abc xyz

Note: *If you need an apostrophe, use the "grave" key (Shift ~ on US keyboards)*

2.3 Special Key Mapping:

	!	Large LOGO 'VIA' (Yellow)
VIA Rail Canada	#	Large Name (Black)
	$	Large Logo Leaf (Red)
	+	Large Logo Tiny Flag For use above last 'A' in Canada
	&	Large Flag (Red)
	/	Large Flag (White) Background
	^	WAVY Flag (White) Background
	*	WAVY Flag (Red)

Canada	%	Huge LOGO Canada (Black)
	<	Huge Logo FLAG Use with large 'Canada'
	>	Background (White If needed)
	;	Smaller VIA Used with First Class
	:	First Class symbol
	(	LEGACY GO logo
	)	Modern GO Logo
